

'Let your light shine'

14th February 2025

Dear Families,

Safer Internet Day

On Tuesday this week it was Safer Internet Day. This is celebrated around the world by many different countries and organisations such as schools, sports clubs, the police and charities. Each year they cover an online issue or theme that young people are seeing or experiencing online. This year Safer Internet Day focused on the issue of scams online and for young people, how to protect themselves and others, as well as what support is available to them. During a special assembly, the children shared their experiences and ideas about what to do when this happens, followed up by some activities in the classroom.

Safer Internet Day

11th February 2025

Book Fair

The children have had a fabulous week in school browsing at the Scholastic Book Fair. We would like to thank you all for your wonderful support in purchasing books. We will receive free books for school for the children based on the amount of sales we achieve - we will let you know how we got on next week when all the paperwork has been finalised! The books will go directly into the school library which the children visit each week and you are welcome to visit with your child on a Thursday evening after school at 3.15pm

Valentine's Disco

The Valentine's Disco was a huge success! The children had a great time dancing and socialising with their friends. Thank you to Tritlington Friends for organising this event for the children.

Reading

Reading has astonishing benefits for children and its importance cannot be understated. It is an essential skill which allows us to access many areas of everyday life. For children, being able to read confidently and competently not only helps them to discover new information during their school lives, but also opens them up to a whole world of new ideas, stories and opportunities. Being able to read well is important for all children and every child deserves the chance to become a reader. At school, we place literature at the centre of our curriculum and we promote a love of books with the aim for all children to see reading as something they enjoy. We appreciate your continued support to work with your child at home to practise their reading skills as part of their homework. Remember to sign your child's yellow reading record so that their efforts can be recognised with a certificate each week!

School Money

Thank you for keeping up to date with payments on the School Money app, we really appreciate it!

After school clubs

If you wish for your child to attend any of the after school clubs, please email the school office to book a place for them as numbers are limited at some of our clubs.
